The Maysville Express, of the 20th, has the following:

On Wednesday night last, a man past the middle age of life, in company with a little girl about thirteen or fourteen years of age, came to this city on the Paris stage, and stopped at the Lee House. The next day they were out in the city some hours, and when they returned he claimed that they were married, but it was earnestly denied by the young lady, who gave the following account of the elopement, which really looks more like an abduction than anything else. Reading Matter on every page. The Prospect for 1860.

The Black Republican, the Know Nothing, and the renegade Democratic press of the whole country, is jubilant over the result of the recent elections. Each faction claims the victory that the combination has won. The coalition, as a body, cannot claim a triumph unless they are designated as opposition to the National Democracy. A better name than the opposition, would be the FREE NIGGER PARTY.

This free nigger party, in their jubilations, forget that when, in 1854, the question of indorsing the Kansas-Nebraska bill was submitted to the people of the North, they voted wilder than they have on the question of admitting Kansas into the Union as a slave State. Previous to this vote, the Democracy of Pennsylvania were represented in Congress by 16 members, of Ohio by 12, and of Indiana by 10. The vote on the Kansas-Ne braska act reduced the Democrats from Pennsylvania to 5, and those from Ohio and Indiana to none. The result was nearly the same in New York and other Northern States. This defeat was only two years previous to the

great victory of the Democracy for the Presidency in 1856. At this time the Kansas-Nebraska act was indorsed by the people of the Union, and the States which were most overwhelmingly against it in 1854, went strongest for it in 1856 This result might teach the free nigger party a lesson now, if they were capable of learning from experience and reasoning from analogy. The same time is to elapse before the Presidential race in 1960 that passed between the defeat of 1854 and the victory of 1856. These two years may work the same changes for 1860 that were wrought by the same period for 1856.

Indeed, the prospect for a Democratic President is much better for 1860 than it was for 1856. It the recent elections are scrutinized without re. gard to the jubilant howls of the free nigger party, it will be found that they indicate the desired result in 1000.

Eleven States have now elected members to the next Congress. These eleven States in 1956 polled 788,458 votes for Buchanan; 595,586 for Fremont, and 239,358 for Fillmore, independent of South Carolina. These several votes stood as

majority over the combined vote of Fremont and Fillmore. She has gone for the Democracy, against all opposition, by a larger vote at the recent election. She will therefore do to rely upon

Ohio gave Fremont and Fillmore 44,748 votes more than she did Buchanan. At the recent election, the free nigger party did not carry the State by half this majority against the national Democracy If we have gained 22,000 in Ohio in the last two years, we may therefore hope to gain as many in the next two, and this will give us the State, over all opposition, in 1560. The recent movements of the Abolitionists, Black Republicans, Free Soilers, Know Nothings, etc., etc., who make up the free nigger party, in dicate how much they love power and how little they are guided by principls. The idea of such antagonistic factions fusing can only be accounted for upon the plunder and spoils principle. A Southern Know Nothing is willing to co operate with a Northern Black Republican for the sake of power, and so of the renegade Democrats and the Abolitionists. Of conrse there would be war among the factions if the coalition could ever be successful. We do not think, however, that the country will let these odds and ends get into power. name of this gentleman has been suggested in several of the Democratic papers of this State in connection with the Democratic nomination for Lieutenant Governor. His nomination for that office by the approaching Democratic State convention, would be highly acceptable to the Democracy of northern Kentneky, with whom he is deservedly a favorite. It would be a fit and deserved tribute from the Democracy of Kentucky to Captain Simms for the devolion, zeal, and ability with which he has acted in sustaining the Democratic cause in Kentucky in the hour of need, and establishing its permanent ascendancy in the State. It would, also, be a strong nomination, as regards the worth, influence, and efficiency of the

He was among the first of that gallant band of old line Kentucky Whigs, who, on the dissolution of the Whig party, rallied under the banuer of the Democratic party as the only party imbued with nationality, and capable of resisting the torrent of Northern sectionalism that threatened the overof Northern sectionalism that threatened the overthrow of the true principles of the constitution
and the Umon itself. Throwing his whole soul
into the Democratic cause, he has battled for its
success, with tongne and pen, with indomitable

known and appreciated by the Democracy throughout the State.

A citizen of Bourbon county, which honored him when a Whig with a seat in the lower house of our State Legislature, he has gallantly met the foe in that stronghold of Know Nothingism—has fearlessly bearded the lion in his den, and has enjoyed the proud satisfaction of seeing the formidable Know Nothing majority of his native county reduced to less than one half of its former strength—of seeing it "grow small by degrees,

strength—of seeing it "grow small by degrees, and beautifully less."

These gallunt and distinguished services to the Democratic cause have justly given to Capt. Simms a high place in the regard and affection of the Democracy of Kentucky, from whom his nomination for the Lieutenant Governorship would receive an enthusiastic response. An able debater, and a gentleman of excellent practical sense, and orgaliant and courteous denueanor, the Democratic gallant and courteous demeanor, the Democrati-banner would be borne by him, in the approach ing State coutest, with equal ability and success. Apart from his eminent services to the Democratic cause, Captain Simms also deserves well of his country and State for his noble and gal-

of his country and state for his notice and gainant conduct as captain of a company of volunteers in the Mexican war. Though then a Whig, but differing from Tom Corwin, who expressed the impious wish that the Mexicans might "welcome" our brave troops "with bloody hands to hospitable graves," he raised a company of volunteers in "Old Bourbon," and elected its captain, marched at its head to the City of Mexico, to sus-tain the honor of his country's flag, in the capi-tal of the Aztees. By his soldierly bearing, and the kind and solicitous care which he bestowed upon the comfort and safety of his men, he won their admiration and warm attachment. He gave their admiration and warm attachment. He gave a touching proof of the nobility and generosity of his nature in bringing back from Mexico at his own expense, every soldier of his company, who died there, that their bones might rest beneath the green sod and friendly skies of their native State, expending, in this and other sacrifices for the soldiers under his command, the greater part the soldiers under his command, the greater part of his patrimony. [From the Canton (Ky.) Yeoman.] Auditor-Maj. A. S. Dabney.

HOPKINSVILLE, Ky., Oct. 5, '53.

Editor Yeoman: At the next general election the people of Kentucky will be called upon telect some person to fill the office of auditor. The present incumbent, Thos. S. Page, has already nounced himself a candidate, and is evidentlicitous to get the "inside track," hy enterin the course in advance of all others. But he w uot be permitted to walk over the track by him-self and win the prize uncontested, nor, indeed, will be be able, even by the aid of "whip and spur," to win the race. Nor can he, by striking his colors and crying "no party," wheedle the people into the belief that he has ahated one jour or tittle, of his devotion to Know Nothing pri or tittle, of his devotion to Kuow Nothing principles. But even admitting that he had done so, and that he was now at the "half way house," between K. N. ism and Democracy, it would only argue that Mr. Page was totally indifferent as to the great issue between the North and the South, and that is a more damning sin than downright opposition. "He that is not for us is against us," is an axiom of political as well as moral ethics, and is at once decisive of the position of Mr. Page, and locates and identifies him with a party (wheterer locates and identifies him with a party (whatever its name) opposed to Democratic principles and measures, and of course he cannot and will not receive the vote of any true Democrat. Au while we repudiate the idea of mere political qual ification, and discard the principle that "to the victors belong the spoils," yet we think it alike politic and expedient, other things being equal, to discriminate in favor of our own men.—There are many Democruts, scattered over the State who are eminently qualified to fill the offic of Auditor, and prominent among that number is Maj. A. S. Dabney, of the county of Trigg. The duties of the office are arduous, varied an complex, requiring great industry and versatility of talent. The Auditor ought to he a good clerk and an excellent accountant, a mar ible as Cato; and such is Maj. Dabney. If he succeeds in obtaining the nonination for the office, as we hope he will, his election will be a fixed before the people, and they will rally around last and ard.

MANY CITIZENS.

A correspondent of the Springfield Republican says that a natural daughter of Aaron Burr, and his residuary legatee, comes curiously into possession of quite a fortune, in this way: Burr held a lease from Trinity church of the Riehmond Hill property, three or four hundred lots in the centre of New York, for 66 years. He re-leased the land for 63 years to Astor and others, and their lease expires in 1860. The lease for three very great. Already some of the lessees compromised the claim for from \$1,500 to per lot.

are new Pianos in this market, but they are well known in many sections of the country as an A No. 1 instrument. Competent judges who have tried them pronounce them fully equal, if not superior, to the Steinway & Son's Pianos. They are a beautiful, highly finished instrument, and we can seil them at three-fourths the price of a Chickering Piano, as we do not have to pay anything for their name or reputation. We still keep a full supply of the New and Improved Scale of Chickering & Son's Grand, Parior Grand, and Square Pianos, and as we are Cash Deaiers in them, we can seil them unsually low for cash. We have also several other makes of Pianos, all of which we warrant to give perfect satisfaction. We respectfully invite strangers visiting the city during the Fair, and all others in want of Pianos, to call and examine our complete stock, for we are selling exceedingly low for cash.
